Education

B.Eng. Computer Engineering, KMUTNB
Graduated Apr. 2025 (GPAX 3.31)

Voc. Cert. Pre-Electrical Engineering (EP)
KMUTNB Pre-Engineering School
Graduated Apr. 2020 (GPAX 3.17)

Military Status : Complete

Language

- Thai : Native
- English : TOEIC 840 (CBT)

Skills

- Full-Stack Development
- Database SQL
- Docker
- Embedded & FPGA
- Computer Networking
- General Fabrication
- General Elec./Mech. Drawing/CAD
- Linux CLI

Hobby

- Hiking / Travel
- Sim-Racing
- 3D Printing
- Maker

Certifications

- Microsoft Certified: Azure Fundamentals (AZ900)
- Basic Motorcycle Maintenance Course
- NAUI Open water diver

Interest

- Automation
- Industrial Design
- Motorsport, Cars & Bikes

Hi, I'm Aing – Computer Engineering graduated with a growing passion for working in both hardware & software. I'm excited to bring my engineering and tech skills to your team.

Experience

Internship

- Siam Toyota Manufacturing (STM) – Aug-Nov 2024
 - Developed a full-stack in-house WMS web app
 - Replace Excel-based inventory tracking
 - Redefine staff's workflow
- Huawei Technologies (Thailand) – Jan-Apr 2025
 - Supported enterprise clients with mentor
 - Studied Huawei products & solutions implementation
 - Design & Simulation on clients SD-WAN study case

Projects

- Python Search Engine Web crawler
 - data pipeline, ranking system, GUI w/ spatial visualizer
- FPGA VHDL N-bit Calculator
 - Built on Terasic De0-CV board
- FPGA coursework
 - 32-bit ALU Simulation, N-bit Calculator
- Arduino Morse Decoder
 - Real-time light sensor input decoding
- IoT Accident Monitor
 - ESP8266 + gyro + GPS + Line Notify alert system
- EVAT x EGAT E-Motorcycle Conversion (2022)
 - Design, restore, assemble, wire & CAD/fabrication of parts

Side Project

- 3D Printing
 - troubleshoot, Printing, & Mods.
 - Voron 2.4 V2.6663 (FFF type) build
- Workshop Skills
 - General Mechanical hand & power tools
 - Electronics lab instruments
